Child-Care and Adult Care Food Program Applications Available

The Department of Elementary and Secondary Education (RIDE) is accepting applications from public and private institutions that would like to participate in the federally funded Child and Adult Care Food Program.

Child-care centers, adult day-care centers, and emergency shelters may participate in the Child and Adult Care Food Program, which currently provides nutritious meals to more than 15,600 participants daily at 619 locations statewide through 90 locally sponsored programs.

The U.S. Department of Agriculture funds the Child and Adult Care Food Program. The federal funds allow the centers to provide nutritious meals and snacks at no separate charge to infants, young children, and adults receiving services as well as to infants and children living in emergency shelters.

Sponsoring institutions serve meals at no separate charge to all participants regardless of race, color, national origin, sex, age, disability, religion, or sexual orientation.

RIDE reimburses programs for each meal served, according to predetermined Department of Agriculture reimbursement rates based on the income levels of the families that the programs serve. RIDE will use the following income guidelines to determine funding through June 30, 2011:
